

Clinical Supervisor, Department of Educational Psychology, University of Alberta

The Faculty of Education Clinic at the University of Alberta welcomes applications for the position of Clinical Supervisor. The mandate of the Clinic is to support professional development and research by providing graduate students with quality training experience in the areas of counselling, psychological assessment, and literacy remediation. The Education Clinic at the University of Alberta is committed to the community at large through the provision of low cost services to the general public. The Counselling Psychology program is committed to maintaining accreditation with the Canadian Psychological Association and the Clinical Supervisor is an important component of this commitment.

Reporting to the Chair of the Department of Educational Psychology, the Clinical Supervisor is a Registered Psychologist who is on-site to provide consultation, emergency services, supervision, and support at all times that students are providing services to clients. In addition, the Clinical Supervisor coordinates external practicum placements and supervisors, coordinates the pre-doctoral internship program and provides administrative support to the Clinic.

We are seeking applicants who possess a doctoral degree in Counselling or Clinical Psychology and who are Registered Psychologists and in good standing with the College of Alberta Psychologists (CAP). Candidates must have at least five years of practical clinical experience in a hospital, community or private practice setting, and experience in the provision of training and supervision. The successful candidate will also be knowledgeable of and competent to administer and interpret psychological instruments and complete psychological reports.
