## ICAP2018: WHAT DOES IT MEAN FOR THE CPA AND ITS SECTIONS?

Update: Issue #6 (December 2017)

As first reported to the membership in 2012, the CPA will host the International Congress of Applied Psychology (ICAP) in Montreal, QC, from June 26-30, 2018. The theme for ICAP2018 – *Psychology: Connecting Science to Solutions* – was chosen to promote the exchange of science and science-based solutions among psychologists from around the globe. We are working with the International Association of Applied Psychology (IAAP) and MCI Canada to plan a world class event. We are pleased to provide our Sections with regular planning updates.

### Updates – December 19<sup>th</sup> Meeting of the ICAP Organizing Committee

#### *Congress Invited Speakers*

We continue to send out invitations for keynote addresses and symposia to round out the exciting lineup of congress-invited speakers. We have also been [updating our website](#) as we receive new details from our confirmed speakers, many of whom were nominated by either a CPA Section or an IAAP Division.

#### *Submission System*

The submission system is now closed! Many thanks to all of you for promoting ICAP amongst your members. We received 3x more submissions than the CPA's National Convention normally receives. ICAP2018 will feature [six exciting and different presentation formats](#) for the general program, including the now popular GIMME-5 sessions, and in-congress workshops.

#### *Section-Invited Program*

We are still missing invited Program Components from some Section Chairs. Please contact us at your earliest convenience to at least submit your Section Annual Meeting. As you'll recall, your Section Invited Program can include any/all of the following:

- Address by the Section Chair (*optional*)
- Invited Keynote/Featured Speaker (*optional*)
- Invited Symposia (*optional*)
- Section Annual Meeting (*mandatory*)
- Section Reception (*optional*)

Any expenses related to the Section Invited Program are to be covered by the Section.

We will begin working on the schedule in mid-January, so please ensure to contact us by email at [icap2018@cpa.ca](mailto:icap2018@cpa.ca) or [convention@cpa.ca](mailto:convention@cpa.ca) if you haven't yet submitted for any of the above.

#### *Pre-Congress Workshops*

The CPA will be overseeing all Pre-Congress Workshops (PCWs) at ICAP2018 and we will feature over 15 exciting workshops covering a range of topic areas. As a reminder, English PCWs (half and full-day) will take place on June 24 and June 25. French PCWs (half and full-day) will take place on June 25 only. Registration for Pre-Congress Workshops will open in mid-January.

### *Abstract Review System*

With the closure of the submission system, we announce the opening of the Review System. The CPA is overseeing the abstract review system and process for ICAP2018. If you haven't already identified your Review Coordinator and Reviewers, please ensure you do this as soon as possible via the submission system so that you can begin the review process. **All reviews must be completed by January 26, 2018.**

Guidelines for reviewers have been sent to Section Chairs by email; please ensure you send these guidelines to your Review Coordinators. Should you experience difficulties adding any of the names or doing your reviews, please contact us at [icap2018@cpa.ca](mailto:icap2018@cpa.ca) or [convention@cpa.ca](mailto:convention@cpa.ca).
