Membership Committee

February 2007

Over the last few months, the membership committee has worked with the student section of CPA to facilitate the students' efforts to appoint graduate and undergraduate trainee representatives at each Canadian academic department of psychology. A list of representatives is now available on the CPA website. Recently, we asked CPA board members to assist us with the recruitment of student and faculty CPA representatives at their home departments as well as at departments that they visit through the ambassador program of CPA. At present, there are only a handful of CPA faculty representatives at academic departments.

Following the board meeting last fall, the CPA Head Office worked on providing us with financial projections based on aspects of the membership committee's strategic plan. These projections were received in late January and have been appended. The membership committee will be examining these projections in the months to come in order to make proposals to the board. In addition, we will continue to work with the CPA Head Office on implementing strategies to increase CPA membership as per our strategic plan.

Membership Committee: *Peter Bieling (Hamilton), Christine Chambers (Halifax), Thomas Hadjistavropoulos (Chair, Regina); Amanda Lints (Student Member, Regina), Kelly Smith (Student Member, Kingston), William Whelton (Edmonton)*
