CALL FOR APPLICATIONS FROM PRIMARY HEALTH CARE RESEARCH TRAINEES

TUTOR-PHC is a one-year, pan-Canadian interdisciplinary research capacity building program that has been training **primary and integrated health care researchers** and **decision-makers** from family medicine, nursing, psychology, epidemiology, occupational therapy, social work, education, policy and many other disciplines since 2003.

What is TUTOR-PHC?

This innovative **one-year certificate program** (May 2021 – April 2022) in primary health care research skills and interdisciplinary theory and processes includes:

- An on-site Symposium in the Spring of 2021 (*Virtual if COVID-19 protocols still in effect)
- Two 3 week online research skill development workshops
- Two 8 week online interdisciplinary discussion groups

Who is accepted to TUTOR-PHC?

- Graduate students and post-doctoral fellows from Canadian Universities
- Mid-career clinicians
- Decision-makers
- Each trainee will be responsible for a \$3,000 CAD program fee

Why apply to TUTOR-PHC?

- Primary health care **research training** – including an intensive one-week Symposium
- Earn **University Credit & MAINPRO+ credits**
- Valuable **feedback** on your own primary health care project
- Mentorship** from experienced interdisciplinary primary health care researchers and decision-makers & **networking** experiences with 200+ pan-Canadian alumni
- Interdisciplinary team experience**

Deadline for Applications: November 30, 2020
