CPA Addiction Psychology Section's Student Manuscript Award

Purpose: The CPA Addiction Psychology Section's Student Manuscript Award recognizes the scholarly work of students and trainees who are developing a career in the field of addiction, fostering the professional development of individuals beginning their careers in this area.

Eligibility: Submissions are invited from full- or part-time students and trainees who, at the time of submission, are (1) members of CPA's Addiction Psychology Section and (2) are enrolled in an accredited graduate degree program, postdoctoral fellowship, internship, residency, or fellowship sponsored by a recognized institution of higher education or an accredited teaching hospital or health facility.

We welcome submissions of **first-authored scholarly work** on addictions, whether **unpublished** (such as manuscripts under review or in revision) or **published within the past calendar year (i.e., 2025)**, that address the understanding, assessment, treatment, or prevention of substance-related or behavioral addictions. Examples of possible submissions include, but are not limited to, reports of empirical research, reviews of the literature, treatment protocols, and theoretical pieces.
