

Clinical Section Travel Awards For Students

The Clinical Section Travel Awards were designed to help clinical section students from across Canada travel to the annual convention of the Canadian Psychological Association. This year, we are awarding Clinical Section Travel Awards, each valued at \$250 for travel (the number of awards is dependent upon available funding).

All students who have posters or presentations **accepted by the Clinical Section** are invited to apply. This award is separate from the travel bursaries granted by CPA to students traveling long distances.

To be eligible for the student awards, applicants must be:

- First author on a poster or oral presentation **accepted by the Clinical Section for the CPA annual convention**. The poster or oral presentation must present the results of an empirical study. Presentation of literature reviews and conversation sessions are not eligible.
- A student or similar type of member of the Clinical Section of CPA at the time of submission.
- A Canadian citizen or attending a Canadian university (or having graduated with their undergraduate degree within the past 2 years)
- Priority will be given to students who attend Universities (or reside) 500 kms or more from the city in which the conference is being held.

To apply, please submit:

1. The application form
2. A copy of the notification of submission acceptance

Please submit via e-mail to the Student Representative of the Clinical Section, Natalie Stearns, by **May 1st** (cpaclinicalstudentrep1@gmail.com).

Notification of the results will occur via email by May 31st. Participants will be reimbursed after the convention once they provide travel receipts.

If you have any questions, please contact the Student Representative of the Clinical Section.
