

SCHOOL PSYCHOLOGISTS

STRESS

Providing unique learning and mental health services to school communities.

Enhancing our Future – Canadian Students

SCHOOL PSYCHOLOGISTS

Providing unique learning and mental health services to school communities.

School Psychologists have specialized training in child development, learning, behaviour and mental health. They bring this unique perspective to school communities, working closely with families, educators, and other professionals to support student learning and well-being. School Psychologists provide assessment, consultation, and intervention at a district, school, classroom, and individual level to highlight strengths, identify needs, and help overcome barriers to student learning and well-being. **Contact your School Psychologist to request more information about supports that might be helpful to you and your family.**
