Tenure Track Faculty Position in Cognitive Science, Department of Psychology, Faculty of Arts

The **Department of Psychology** at the University of Calgary invites applications for a full-time Tenure-Track Faculty Position in **Cognitive Science** at the **Assistant Professor rank**, to begin July 1, 2019.

The Department of Psychology is a research-intensive department with high standards in teaching. We value interdisciplinary and multidisciplinary approaches to research and training, and strongly encourage collaboration. For more information about the Department, please click here.

The Department is seeking applications from individuals with a Ph.D. in Psychology or related field. Applicants should have an established research focus in cognitive science, including topics such as (but not limited to) perception, attention, language, learning, and memory, focusing on any stage in the lifespan (children, young adults, or older adults). Integration of neuroimaging or neuroscience methods in the applicants¿ research would be an asset. Selection criteria for this position will include research excellence and originality, demonstrated effectiveness in teaching and supervision, and demonstrated ability (or strong potential) to secure competitive external funding. These criteria will be judged based on the quantity and quality of publications to date; teaching dossier with ratings or other indications of quality; awards, scholarships, and other recognitions for research and teaching excellence; and record of competitive funding, including competitive studentships and fellowships.

The successful candidate for this position will be joining the Brain and Cognitive Science group in the Department of Psychology. The successful candidate will be encouraged to build on existing collaborations with colleagues at the Hotchkiss Brain Institute (HBI) and the Alberta Children's Hospital Research Institute (ACHRI), which host two research dedicated 3T MRI scanners for adult and pediatric imaging.

The successful candidate is expected to establish and maintain an active research program, and to contribute to the Department's teaching and research supervision in both undergraduate and graduate programs. In addition, some administrative service to the department, the faculty, or the university is expected.

Interested individuals are encouraged to submit an application online via the **'Apply Now'** link. Please be aware that the application process allows for only four attachments. Your four application attachments should be organized to contain the following (which may require you to merge documents):

- Cover letter
- Curriculum vitae, including the name and contact information of three referees, and written permission to the Chair of the Selection Committee to contact the referees for letters of references
- Statement of research interests (not to exceed two pages)
- Teaching dossier

All applications must be received by **January 31, 2019** at which time the Academic Selection Committee will begin reviewing applications to select applicants to invite for on-site interviews.
