

The Department of Psychology at the University of British Columbia–Vancouver campus (psych.ubc.ca) invites applications for two tenure-track positions at the assistant professor level in clinical psychology, which will begin July 1, 2020.

Candidates must hold a PhD from an accredited clinical training program (including an APA- or CPA-accredited internship) before starting either position. They will also be required to obtain registration as a psychologist in the province of British Columbia once their formal appointment begins.

We are seeking applicants with strong research records who would enhance our research-oriented CPA-accredited doctoral program. Both positions are open with regard to clinical research specialization. For both positions, we are particularly interested in candidates whose research complements existing strengths of our clinical program and bridges clinical psychology to other areas of the department (psych.ubc.ca/people). The successful candidates will be expected to maintain a program of scholarly research that leads to publication; conduct effective undergraduate and graduate teaching; provide effective clinical and research supervision; and contribute to departmental service.

Applications are to be submitted online through the Department of Psychology's Internal Resources website at: <https://psyc.air.arts.ubc.ca/jobid34708/>. Applicants should upload the required documents by the deadline in this order: cover letter, CV, research statement, teaching statement, evidence of teaching effectiveness, and three publications. In their research statement, we encourage applicants to discuss their past and/or planned research approach in the context of ongoing discussion in the sciences about research practices, replicability, and open science. We also ask applicants to include a one-page statement about their experience working with a diverse student body and their contributions or potential contributions to creating/advancing a culture of equity and inclusion. In addition, applicants should arrange to have at least three confidential letters of recommendation submitted via email to ubcpsycjobs@psych.ubc.ca.

The deadline for applications is October 1, 2019.

The positions are subject to final budgetary approval. Salary will be commensurate with qualifications and experience.

Equity and diversity are essential to academic excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. We encourage applications from members of groups that have been marginalized on any grounds enumerated under the B.C. Human Rights Code, including sex, sexual orientation, gender identity or expression, racialization, disability, political belief, religion, marital or family status, age, and/or status as a First Nation, Métis, Inuit, or Indigenous person. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
