**Job Description:**

Department of Psychology, University of Manitoba  
Quantitative Methods, Assistant Professor - Position # 28102

The Department of Psychology at the University of Manitoba invites applications for a Tenure-Track Assistant Professor in the area of Quantitative Methods. Review of applications will begin on December 1, 2019 and the appointment has an anticipated start date of July 1, 2020.

Job description: We seek a colleague with an active and promising program of research with relevance to the advance of Quantitative Methods.

**Responsibilities:**

The successful candidate will be expected to develop an internationally competitive research program, attract external funding, teach undergraduate and graduate level courses in quantitative methods, supervise graduate and undergraduate research, and contribute to departmental service.

**Qualifications:**

Candidates must have a PhD or equivalent degree completed at the start date of the appointment. Preference will be given to candidates with:

- Demonstrated evidence of successful teaching experience with preference for expertise in latent variable modelling, big data analysis, data mining, neural networks, computerized testing, and/or growth-curve longitudinal modelling; and,
- Demonstrated evidence of research excellence through a track record of peer-reviewed publications, presentations at national and international conferences, and potential to attract external grant funding.

**Additional Information:**

The institution: The University of Manitoba is the province's largest research-intense University. The Department of Psychology is the largest academic unit in the Faculty of Arts at the University of Manitoba with 36 faculty members, 14 support staff, over 110 graduate students, and ample space for offices, laboratories, and classrooms.
