

## **Registered Psychologist (Private Practice)**

Vancouver Island Psychological Services is a busy and growing private psychology practice with two locations in beautiful Victoria, B.C. We provide a wide range of psychological assessment and treatment services to children, adolescents, and adults with a wide range of presenting problems and concerns.

We are currently seeking Registered Psychologists to join our team on an associate basis. We have a diverse range of referral sources and a lengthy waitlist at present. As such, psychologists joining our team will have the opportunity to immediately assume a full caseload, and the flexibility to tailor their caseloads and schedules to their own particular preferences (e.g., working hours, number of clients, types of presenting problems).

Vancouver Island Psychological Services provides associate psychologists with a supportive and collegial working environment, with ample opportunities for continuing education and peer consultation. Further, we have an administrative support team consisting of six staff members, which minimizes administrative demands for psychologists and allows them to focus on their clinical work. Moreover, associate psychologists have access to a psychometrist and a comprehensive test library.

Additional information about Vancouver Island Psychological Services can be found on our website ([www.vipsychology.ca](http://www.vipsychology.ca)).

To learn more about opportunities at Vancouver Island Psychological Services, please contact Dr. Tanna Mellings, Clinic Co-Director, by email at [tmellings@vipsychology.ca](mailto:tmellings@vipsychology.ca) or by telephone at 1-877-727-7060.
