Clinical Psychologist -Operational Stress Injury Clinic University of Manitoba & Winnipeg Regional Health Authority

The Department of Clinical Health Psychology in the Max Rady College of Medicine, University of Manitoba in collaboration with the Clinical Health Psychology Program of the Winnipeg Regional Health Authority (WRHA) invite applications for a Contingent Geographic Full-Time Clinical Psychologist (**Position#28284**), with a flexible start date, ideally May 1, 2020 or as soon as possible after. The position integrates clinical and academic roles (typically 80% clinical; 20% applied research/clinical teaching). The successful applicant will be appointed to the Medical Staff of the WRHA, and will be appointed to the Department of Clinical Health Psychology, Max Rady College of Medicine at the rank commensurate with experience, typically Assistant Professor.

The position is based at the Operational Stress Injury Clinic, Deer Lodge Centre, in Winnipeg. The OSI Clinic is part of a national network of clinics across Canada which provides assessment and treatment services for veterans, Canadian Forces members, and the RCMP related to operational stress injuries such as post-traumatic stress disorder and other health and mental health concerns. The successful applicant would join a dynamic inter-professional team which includes psychologists, consulting psychiatrists, social work, and nursing.

Position Responsibilities:

- Psychological evaluation and treatment of adults for operational stress injuries, including PTSD, anxiety disorders, depression.
- Psychodiagnostic assessments.
- Development of clinical services/programming
- Consultation to other health professionals and social services supporting military, veterans, RCMP and their families.
- Clinical supervision and teaching of psychology residents in our CPA accredited residency program; teaching of medical students and learners from other health professions.
- Applied clinical research and program evaluation.
-

Qualifications:

- Doctoral degree (PhD or PsyD) in Clinical Psychology from a CPA accredited training program.
- Completion of a CPA accredited Internship/Residency.
- Eligibility for registration as a C. Psych by the Psychological Association of Manitoba www.cpmb.ca
- Education, training and experience with evidence-based psychological treatments for post-traumatic stress disorder, depression, anxiety and other mental health presentations
- Education, training and experience in the administration and interpretation of standard adult psychological tests and measures.
- Training and experience in the area of substance use disorders and addictions would be an asset.
- Excellent interpersonal relationship skills, oral and written communication, and inter-professional teamwork skills
- Fluency in both English and French would be an asset.
- Satisfactory results of pre-employment criminal records, vulnerable person and child and adult abuse registry checks.

Salary and Benefits:

- Placement on the WRHA salary scale will be commensurate with qualifications and experience.
- Attractive benefits package is available through the University of Manitoba.
- The Geographical Full Time (GFT) agreement provides the opportunity for on-site private practice.
- The Clinical Health Psychology Program will provide the required clinical supervision for individuals at the C.Psych. Candidate level, until they are registered.

Clinical Health Psychology is both an academic department in the Max Rady College of Medicine and a clinical program of the Winnipeg Regional Health Authority.
