Clinical Health Psychologist – Primary Care & Hospital University of Manitoba & Winnipeg Regional Health Authority

The Department of Clinical Health Psychology in the Max Rady College of Medicine, University of Manitoba in collaboration with the Clinical Health Psychology Program of the Winnipeg Regional Health Authority (WRHA) invite applications for a Contingent Geographic Full-Time Clinical Psychologist (**Position#28572**), with a flexible start date, ideally **May 1, 2020** or as soon as possible after. The position integrates clinical and academic roles (typically 80% clinical; 20% applied research/clinical teaching). The successful applicant will be appointed to the Medical Staff of the WRHA, and will be appointed to the Department of Clinical Health Psychology, Max Rady College of Medicine at the rank commensurate with experience, typically Assistant Professor.

The position is based at Access Winnipeg West (AWW) and the adjoining Grace Hospital. The WRHA Access Centres combine under one roof primary health care, public health and family and social services for optimal coordination and integration. The Psychologist will primarily provide consultation to and psychological services for adults with the AWW Primary Care clinic, mental health team, and other AWW programs as needed. The Psychologist also provides patient care at Grace Hospital, including consult, assessment and bedside treatment for patients on the medical units.

Position Responsibilities:

- Consultation to primary care physicians and interdisciplinary teams, and to medical inpatient units
- Psychodiagnostic and cognitive assessments for complex mental health presentations
- Delivery and development of clinical programming including individual and group-based psychological interventions for common mental health presentations
- Psychological evaluation and intervention related to acute and chronic illness management and treatment adherence.
- Clinical supervision and teaching of psychology residents in our CPA-accredited residency training program; teaching of medical students.
- Applied clinical research
- May also include facilitating continuing professional education for team members in clinically applicable areas

Qualifications:

- Doctoral degree (PhD or PsyD) in Clinical Psychology from a CPA-accredited training program.
- Completion of a CPA-accredited Internship/Residency.
- Registered or eligible to be registered as a Psychologist (C. Psych) Psychological Association of Manitoba www.cpmb.ca
- Education, training and experience in diagnostic evaluation, and in the administration and interpretation of standard adult psychological tests and measures
- Education, training and experience in evidence-based psychological treatments, and individual & group treatment delivery
- Experience with consultation to interdisciplinary teams and experience in a primary care setting would be assets.
- Excellent interpersonal relationship skills, oral and written communication, and inter-professional teamwork skills
- Satisfactory results of pre-employment criminal records, vulnerable person and child and adult abuse registry checks.

Salary and Benefits:

- Placement on WRHA salary scale will be commensurate with qualifications and experience.
- Attractive benefits package is available through the University of Manitoba.
- The Geographical Full Time (GFT) agreement provides the opportunity for on-site private practice.
- The Clinical Health Psychology Program will provide the required clinical supervision for individuals at the C.Psych. Candidate level, until they are registered as C.Psych.

Clinical Health Psychology is unique in Canada as both an academic department in the Max Rady College of Medicine and a clinical program of the Winnipeg Regional Health Authority, with a strong collegial network of psychologists across the province.
