

Clinical Child Psychologist- Health Sciences Centre University of Manitoba & Shared Health Manitoba

The Department of Clinical Health Psychology in the Max Rady College of Medicine, University of Manitoba in collaboration with the Clinical Health Psychology Program, Shared Health Manitoba invite applications for a Geographic Full-Time (GFT) Clinical Child Psychologist (**Position #28862**), with a flexible start date, ideally **September 1, 2020**, and potential to start earlier if available. The position integrates clinical and academic roles (typically 80% - clinical; 20% - applied research/clinical teaching). The successful applicant will be appointed to the Medical Staff of Shared Health, and will be appointed to the Department of Clinical Health Psychology, Max Rady College of Medicine at the academic rank commensurate with experience.

The position is based at Health Sciences Centre, Winnipeg. The Clinical Psychologist is part of our Program's Child and Adolescent Psychology Service, which consults to both Children's Hospital pediatric clinics and to the Child & Adolescent Mental Health Program. In collaboration with children, their caregivers, and interdisciplinary teams, the Clinical Psychologist provides consultation, psychological intervention for both health and mental health conditions, and psychodiagnostic, developmental and cognitive assessment.

Position Responsibilities:

- Consultation to inpatient units and outpatient clinics.
- Psychological treatment, including individual, group, and parent-mediated, for a range of health and mental health conditions. Opportunity for development of clinical programming.
- Psychodiagnostic and neurodevelopmental assessment
- Clinical supervision and training in our CPA-accredited psychology residency program. Teaching of medical students and learners from other health professions.
- Development of an active program of applied clinical research.

Qualifications:

- Doctoral degree (PhD or PsyD) in Clinical Psychology from a CPA accredited training program.
- Completion of a CPA accredited Internship/Residency.
Registered or eligible for registration as a C. Psych. by the Psychological Association of Manitoba www.cpmb.ca
- Education, training and experience in child & adolescent clinical psychology.
- Education, training and experience in diagnostic evaluation and cognitive and/or developmental assessment, including the administration and interpretation of standard psychological tests and measures applicable to children and youth.
- Education and training in a range of evidence-based psychological treatments for children.
- Health psychology experience would be an asset.
- Training, experience, and/or research background and interests in Indigenous health issues would be an asset
- Excellent interpersonal relationship skills, oral and written communication, and inter-professional teamwork skills
- Satisfactory results of pre-employment criminal record, vulnerable person and child and adult abuse registry checks are required.

Salary and Benefits:

- Placement on WRHA salary scale will be commensurate with qualifications and experience.
- Attractive benefits package is available through the University of Manitoba.
- The Geographical Full Time (GFT) agreement provides the opportunity for on-site private practice.
- Supervision will be provided by the CHP Program for individuals registered at the C.Psych. Candidate level, until completion of registration requirements for independent practice as a C.Psych.

Clinical Health Psychology is unique in Canada, being both an academic department in the Max Rady College of Medicine and a regional clinical program, with a strong collegial network of psychologists across the province. For more information about our department, visit:
