About Us

Eastern Health is the largest, integrated health authority in Newfoundland and Labrador employing approximately 13,000 dedicated employees and serving a population of more than 300,000 people. The authority offers the full continuum of health and community services including public health, long-term care, community services, hospital care and unique provincial programs and services. At Eastern Health we pride ourselves on providing the highest quality care and service possible to the people in our communities, in our region, and in the province. To do that, we employ qualified, competent and caring individuals who are dedicated to their professions and to our vision of *Healthy People, Healthy Communities*.

Job Summary

The Clinical Psychologist II in the Mental Health and Addictions program is responsible for prevention, assessment, diagnosis, and treatment of diverse psychological disorders across the lifespan; children, adolescents, adults and seniors. This position functions autonomously and uses independent judgement in the applications of specialized psychological knowledge and principles in clinical practice. Administers and interprets specialized and standardized psychological tests to clients to assess cognitive functioning, learning disabilities and personality disorders as well as develop, monitor, implement and modifies psychotherapeutic treatment plans for individuals, couples, families and groups. Provide clinical consultation to psychiatrists, physicians, interdisciplinary teams and community organizations and implements documentation and case load management.

The Clinical Psychologist II will also participate in ongoing assessment planning, implementation and evaluative process of the Mental Health and Addictions Program along with other members of the team and conduct education sessions with community and professional groups and in-service sessions with Mental Health Peers, participating in community based and/or regional committees as a professional representative of Mental Health and Addiction Services and other related duties as required.

This position reports to the Division Manager for Marystown Health and Community Services Children and Women’s Mental Health and Addictions and maintains accountability to the Psychology Professional Practice Consultant for integrity and professional practice issues.

Job Demands

By applying for this job, you acknowledge an understanding that regular requirements and demands of this job include (but are not limited to):

- Occasionally, there is lifting or physical strength required, less than 10 lbs.
- Regularly sits, occasionally works in awkward/cramped positions, stands to facilitate or teach groups.
- Fine finger/precision work when on the computer and visual concentration is required when in sessions with patients (i.e. reviewing patient charts/notes, tests and for documenting work, and when reading or researching information).
- Auditory concentration is required in sessions with patients to listen attentively, to be alert and to obtain and interpret information correctly. A higher than normal level of attentiveness is required when assessing high risk patients.

Job Qualifications

- Graduation with an approved/recognized Doctorate Degree in Clinical Psychology is required.
- Registration or provisional registration with Newfoundland and Labrador Psychology Board is required.
- Graduate course work and supervised experience in psychological assessment and therapy with individuals, families, and groups with a specific focus on complex mental health and/or addictions issues is required.
