

Department of Psychology, University of Manitoba
Clinical Psychology, Assistant Professor - Position #29510

The [Department of Psychology](#), Faculty of Arts at the [University of Manitoba](#) invites applications for a full-time tenure-track appointment at the rank of Assistant Professor in our CPA-accredited Clinical Psychology program. The position has an anticipated start date of July 1, 2021. Review of applications will begin on December 18, 2020 and will continue until the position is filled. The starting salary will reflect the qualifications and experience of the chosen candidate.

Candidates should have completed a doctoral degree by the time of appointment from a CPA- or APA-accredited psychology program with an approved internship and should be registered or eligible for registration as a Clinical Psychologist in the Province of Manitoba. The successful candidate will be expected to obtain registration in Manitoba. Applicants are expected to have demonstrated excellence in research in any area of clinical psychology, broadly defined, and potential for excellence in teaching. We are especially interested in candidates who can add to the diversity of research and scholarship in our department. The successful candidate will be expected to develop a productive and internationally recognized research program, attract external funding, teach primarily graduate-level and some undergraduate-level courses, supervise graduate and undergraduate research, supervise clinical practica, and contribute to service.

The Department of Psychology is the largest academic unit in the Faculty of Arts at the University of Manitoba. We have 34 faculty members, 14 support staff members, over 110 graduate students, and ample space for offices, laboratories, and classrooms. The Clinical program also operates the Psychological Service Centre (see link below) that serves as a training centre for students and provides free psychological services to the Winnipeg community.

The University of Manitoba is the province's largest, research-intensive university. More than 29,000 students from all over the world currently study in a wide range of programs in the liberal arts and sciences, the creative arts, and the professions. Related to clinical psychology, the University offers substantial opportunities for research with members of the [Department of Clinical Health Psychology](#) in the Max Rady College of Medicine at the University of Manitoba, and for partnerships related to Indigenous engagement, research and scholarship, and achievement (see link below to the University's Strategic Plan), among many other outreach opportunities. Winnipeg, a city of over 800,000, offers a vibrant arts community, amazing culinary scene, professional sports teams, affordable housing, diverse cultural institutions, festivals, and entertainment possibilities. Residents of Winnipeg can enjoy a multitude of parks and trails. A short trip outside of Winnipeg reveals the geographical diversity of Manitoba, with ample opportunities for many leisure activities (see www.tourismwinnipeg.com; article in [The Star](#)).
