

**Ref# 21OPP129**  
**1 - Full Time - Psychological Associate**  
**Child/Adolescent Mental Health, Psychology & Psychometry**

Reporting to the Manager - Child and Adolescent Mental Health, the Psychological Associate will be responsible for providing a full scope of psychological services to clients with acute and chronic psychiatric illness within an acute mental health inpatient unit. The Psychological Associate will conduct and/or supervise psychological assessments and provide individual and group psychological treatment within a child and adolescent population. Treatment focus will be brief models of therapy. The incumbent would also provide consultation to other members of the team as required and contribute to the Health Sciences Centre's commitment to research and academics including providing clinical supervision to learners.

**Qualifications:**

- \* Documentation of registration or eligibility for registration as a Psychological Associate with the College of Psychologists of Ontario (CPO) prior to commencing employment (required)
- \* Able to obtain declared competency for Assessment/Evaluation and Intervention/Consultation in Clinical Psychology for Children and Families
- \* Demonstrated competencies in consultation and leadership in an interprofessional treatment team context in Healthcare
- \* Evidence of prior practice in child and adolescent clinical psychology (preferred)
- \* Evidence of competency and innovation in treatment program design and evaluation of treatment outcomes
- \* Ability to work flexibly in an interprofessional team setting
- \* Demonstrated knowledge of the Mental Health Act.

Salary Range: \$46.790 to 59.670

The Health Sciences Centre strives to ensure the safety and security of the patients, visitors, employees and assets financial and otherwise. All offers of employment to external candidates shall be conditional upon: a satisfactory Vulnerable Sector Check (VSC) where indicated, to ensure the absence of relevant criminal convictions; and proof of full vaccination of all required doses of a COVID-19 vaccine approved by Health Canada to Occupational Health & Safety.

The Health Sciences Centre (HSC) is committed to delivering healthcare in a manner that is consistent with Patient and Family Centred Care. Applicants are required to have a demonstrated knowledge, understanding and commitment to this care philosophy.

Candidates will have demonstrated adherence to the Hospital's Code of Conduct. Regular attendance at work is imperative, therefore, all applicants will have to demonstrate a good attendance record to be considered for this position.

We are committed to fostering an inclusive, equitable, and accessible environment supporting diversity in our work environment to provide quality care where all feel valued, respected, and supported. We are dedicated to building a workforce reflective of the communities in which we live and serve and encourage Indigenous people, visible minorities, and persons with disabilities to apply and self-identify. Upon request, accommodations due to a disability are available throughout the selection process.

**As a proposed designated position under the French Language Policy (HR-esa-12) Level 2 - French Language Skills according to Thunder Bay Regional Health Sciences Centre's Oral Proficiency Scale are required.**

If there are no qualified applicants for the above position, the Hospital may, at their discretion, train unqualified individuals.

Interested applicants must submit a resume outlining relevant previous experience and training no later than 11:59p.m. on **Sunday, 31 October, 2021.**

**Internal** applicants may apply via the job posting page on the iNtranet. **External** applicants must apply through our website.
