

## We Want YOU to Join Our Team!

Who, me? Yes, you!

If you are looking for a flexible, supportive, and stimulating work environment, then The Wishing Star may be the perfect fit. We are seeking a dynamic and creative candidate with an M.A. in School Psychology or Clinical Psychology to join our thriving multi-disciplinary team. The ideal candidate must know the psychoeducational assessment process inside and out and have previously conducted a minimum of 30 full assessments.

What are the perks?

The Wishing Star: Lapointe Developmental Clinic is one of the largest child-focused private practices providing support services to children and their parents in the Lower Mainland. We have a large network of professional referral sources. Our administrative staff provides full-time support, so you can focus on providing high-quality services. Workplace culture and team connections are at the heart of our service provision model. Our practice offers professional development opportunities and regular clinical consultation with peers - not to mention frequent social events and opportunities to connect outside of work.

What about life after work?

Our clinic is located in sunny South Surrey, just minutes from White Rock Beach and Crescent Beach. Our community boasts some of the best schools (public and private) in the lower mainland, affordable and comfortable housing options, a plethora of outdoor adventure opportunities (skiing and paddle-boarding all on the same day!), wonderful restaurants, farmers markets, and a great quality of life. We can offer strategic support and guidance for families interested in relocating, including daycare scouting, school placement advice, and support regarding housing options.

Have questions? Interested in applying? Give us a shout!
