Who are EASA?
Are you keen to make a difference? Not just to the individual lives of others and their families but to advocate for mental healthcare in the Northern Territory? At EASA we are passionate about impacting the communities that we work in by supporting individuals and organisations to make positive change. We provide support through evidence-based practice to our organisational customers that hold an Employee Assistance Program (EAP) with EASA, we have over 250 EAP’s and service the Northern Territory Public Sector. Each year, we provide over 10,000 client sessions and provide over 3,000 hours of support at an organisational level, through our CORP Workplace Solutions division. This organisational support consists of Critical Incident and Stress Management (CISM), Training, Coaching, Supervision, Conflict Resolution and a range of other HR Services. We’re looking for enthusiastic and confident people who are all about providing evidence-based healthcare, who can work independently, who love working within a team, and who are able to nurture positive, caring, and compassionate relationships within our team and to those in their care.

Where are we?
EASA has offices located in Darwin, Katherine and Alice Springs. We also have a service in Coolalinga, Jabiru and Gove. Learn more about the surrounds [here](#).

What is the role?
A rewarding full-time role exists in a friendly and autonomous team of Psychologists, Social Workers, and Counselors for an experienced, flexible and growth-oriented clinician. With the opportunity to shape and mould the team, applicants can be either an early career clinician who would like to grow into the role commencing with coaching support and graduated responsibility or an experienced manager.

This role is ideal for those wanting to support the Northern Territory community, with an interest in social justice. This role can be from either EASA’s Head Office in Darwin or the Alice Springs office.

Benefits and Perks
- A variety of clinical presentations and opportunities to grow your areas of practice
- Provision of supervision for an experienced and well-establish team of clinicians
- Full administrative support
- Funded supervision, both individual and group
- Generous annual Professional Development Allowance and Leave
- In-house Professional Development opportunities
- Contemporary IT
- Rewarding and positive work environment
- Relocation allowance
- Wellbeing allowance
- Competitive salary dependent upon applicant up to $120,000 + SGC per annum
About this position

The role will be offered to a registered psychologist, or social worker with opportunities to scale your income based on your level of experience.

The right candidate will:

- Be passionate, enthusiastic, and confident
- Demonstrate skill and experience in providing a broad range of evidence-based psychological interventions
- Demonstrate experience in providing psychological services to adults, children and/or adolescents
- Supply evidence of an approved tertiary qualification in Psychology, Social Work or Counselling
- Be eligible for membership with APHRA/AASW
- Have professional indemnity insurance and other relevant checks (Police Clearance, Ochre Card & Driving Licence)
- Be able to provide a hybrid model of face to face care and Telehealth
- Supervision of EASA’s counselling team according to APS standards
- Ensure best practice and quality services
- Respond to and receive client feedback
- Liaise with, develop and maintain good client relationships with key stakeholders

Key skills required for this role

- Be willing and able to function autonomously
- Have excellent verbal and written communication skills
- Good organisation and time management skills
- Willingness to take on challenges and learn new skills
- Be willing and able to work within a team
- Demonstrated leadership and management skills

Desirable Criteria:

- Experience working with clients under and EAP brief therapy model
- Experience in managing a medium sized team or looking to undertake a leadership position as the next step in their professional development
- A Registered Supervisor for Intern Psychologists or supervision experience
