Senior Financial Analyst - Full Time (Finance)

The Senior Financial Analyst (“SFA”) serves as a Business Partner, supporting the Organization's strategic directions by preparing financial analyses, forecasts and financial reporting for management. The SFA is responsible for ensuring compliance with Canadian Accounting Standards, Management Information Systems standards and government regulations. This is an interactive role that works with departments in all areas of the support and ensure that management has accurate financial information to support decision making. This position reports to the Manager, Finance & Reporting and works closely with operations leaders and the finance team.

ROLE DESCRIPTION:

- Obtain and sustain a thorough understanding of the financial reporting and general ledger structure
- Timely completion of month end closing process as well as variance reporting for management review
- Work closely with team leaders to support their accounting, budgeting, forecasting and capital needs
- Prepare various quarterly reports for the Ministry
- Build flexible data models to support the Organization's financial reporting needs
- Prepare financial presentations and reports for senior management and executive team in a clear and concise manner
- Work collaboratively with the finance team to support special projects, make recommendation for process improvements and demonstrate logic and creativity when addressing issues presented
- Prepare interim and year end working papers and support Organization in audit process

REQUIRED QUALIFICATIONS

- Professional Accounting Designation
- 5 or more years of financial analysis and reporting experience
- Strong theoretical and practical knowledge of Canadian Accounting Standards for Not-For-Profit Organizations and Public Sector Accounting Standards
- Demonstrated ability to work independently, balance multiple priorities and meet deadlines
• Ability to communicate effectively at multiple levels of the Organization
• Strong analytical and problem-solving skills and ability to develop in-depth analyses
• Advanced proficiency in Excel and demonstrated ability for learning new software applications
• Attention to detail and accuracy while maintaining focus on overall reporting objective
• Exhibit the core values of the Hospital
