Interior Health is looking for permanent full time Program Lead, Integrated Child and Youth to join their team in Osoyoos, B.C.!

About the Role:
The Integrated Child and Youth (ICY) Program Leader is a dynamic multi-functional administrator role that champions integration of service across the team and community, plays a critical role in ensuring fidelity to the ICY model of care, and leads team integration and cohesion to enable effective provision of mental health and substance use supports to children, youth and families in the Oliver, Osoyoos and Keremeos communities in school district 53.

The program lead will provide leadership and clinical support/coordination of ICY team members, those hired specifically for the ICY team and those already employed by various organizations and ministries. The core team positions include those from School district 53, CYMH (Child and Youth MH) clinicians, youth substance workers, indigenous positions, administrative assistants and youth and family per support.

Some of the Benefits of Joining Interior Health:
An attractive remuneration package and excellent career prospects await the right candidate. We offer one of the best benefit packages and pension plans in Canada. In addition to Medical, Dental and Extended Health coverage, we also offer paid annual vacation starting at 4 weeks (20 days) up to a maximum of 7 weeks (35 days).

Qualifications:

- A level of education, training and experience equivalent to a Master's degree in a relevant health care field such as nursing, psychology or social work.
- Five (5) years' related clinical consultation/supervision, administration, community development, project management experience including understanding and knowledge of Indigenous Health issues, protocols and health needs.
- Appropriate required certifications, licenses or professional designations including driving license, CRCs, First Aid.
