**Job Description Summary**

Provides personal, career and academic skills counselling to UBC students. Participates in the training and supervision of graduate students. Provides consultation and outreach services to the campus community. Participates in the development and delivery of programs which enhance student success.

**Organizational Status**

Reports to the Director, Counselling Services, Student Development and Services. Works cooperatively as a member of a team of professionals, actively participating in and contributing to the development and delivery of effective and efficient counselling services. Works in collaboration with the Faculties and other University departments, student organizations, and staff in other areas of Student Development and Services.

**Work Performed**

1. Provides intake assessment, and referral within Counselling Services and to other University and community resources as appropriate.
2. Provides individual, couples, family, and group counselling for personal, career, and academic concerns.
3. Administers and interprets personality and career instruments.
4. Participates in regular case conferences as a member of a team of professionals.
5. Develops and delivers psychoeducational workshops for students, as well as programs and publications to meet the needs of targeted segments of the student body (e.g. mature students, students with disabilities, women students; issues such as self-esteem, study skills, stress management). Develops and implements outreach educational programs for students with faculties and departments.
6. Participates in the development of policies and procedures concerning counselling services and programs.
7. Provides consultation services to faculty and staff regarding the well-being and psychological concerns of students. Liaises with faculties, departments and other student services regarding the provision of programs and services which enhance student development.

8. Provides clinical supervision and training for pre-doctoral interns in intake assessment, supervision of practicum students, individual counselling and group counselling. Participates in supervision and training of practicum students in individual and group counselling.
9. Coordinates the design, implementation, and analysis of program evaluation and research projects specific to area of coordination.
10. As requested, represents Counselling Services on University committees related to student development.
11. Performs other duties consistent with the mandate of Counselling Services as requested.

### **Consequence of Error/Judgement**

Must be able to act with a considerable degree of autonomy and independence in the provision of psychological assistance to students while adhering to the ethical standards of the profession. Poor professional judgment or unethical practice by the psychologist could be extremely detrimental to the clients well-being and create situations of legal liability for the University.

### **Supervision Received**

Acts independently within established clinical and ethical guidelines. Works within a model of collegial consultation and collaboration, under the direction of the Director of Counselling Services.

### **Supervision Given**

Supervision of pre-doctoral interns and practicum students, as well as students involved in peer programs, work-study programs or volunteer assignments. May provide clinical supervision of other counsellors.

### **Preferred Qualifications**

Ph.D. in Counselling Psychology or a related field. Eligible for certification as a Registered Psychologist in BC. Minimum of a Doctorate in Counselling Psychology. Canadian Psychological Association accredited doctoral program and internship or equivalent preferred. Supervised doctoral internship completed. University or college counselling experience required. A minimum of 7 years of experience in Clinical Counselling and experience supervising Doctoral level practicum students. Training and experience in the supervision of graduate students. Ability and commitment to serving the needs of a broadly diverse student population. Knowledge of student development theory and experience in program development, consultation and outreach. Appropriate course-work and training in individual, couples and group counselling; career development, personality and career testing; measurement theory; adolescent and adult development; learning theory; responsiveness to diversity within the student population; personality theory and diagnosis and treatment of psychopathology. Knowledge and experience in program evaluation and research. Ability to work effectively independently and in a team environment. Ability to facilitate teamwork and the development of effective working relationships with a wide range of students, faculty, and staff.

This offer is conditional upon successful completion of a Criminal Record Check.
