Psychometrist x2 (PR) WSH - EXT

Posting Description

EMPLOYMENT OPPORTUNITY

Psychometrist x2 Work, Stress, and Health Service **Acute Care Program**

Position Description

The Work, Stress and Health service is currently seeking (2) part-time, permanent Psychometrists. The WSH is a unique service within CAMH in that it is a revenue generating service, working exclusively with third party insurers. In this role, you will work as a member of a multidisciplinary team providing assessment and/or treatment services to clients referred by the WSIB. This service specializes in providing assessment and outpatient treatment for individuals with post-traumatic stress disorder, depression, and other psychiatric disorders that are related to the workplace.

As a member of a multidisciplinary team, you will provide comprehensive psychological assessments as well as evidence based treatment in both individual and group formats that will address psychological functioning, diagnosis and return to work. You will participate in multidisciplinary education and training. You will be responsible for other duties as required, up to and including supporting other programs within the Acute Care Program in the role of psychometrist if needed. This position is currently located at 455 Spadina Avenue. Evening work may be required.

Qualifications

The successful candidate will possess a Master's degree in Psychology (or similar degree). Registration and Good Standing with a regulatory body such as College of Psychotherapists of Ontario (CRPO), College of Psychologists of Ontario as a Psychological Associate is required. You will have 5+ years relevant experience and a background in the field of evidence based protocol driven cognitive behavioural therapy (CBT) for mood and concurrent disorders. 5+ years experience in the administration of psychological assessments, including objective self-report instruments and structured diagnostic interviewing with an emphasis on the SCID, MMPI-2, and PAI. Experience in assessing response bias and/or experience in pain assessment would be seen as an asset, as would experience in forensic psychological assessments. Computer skills, including word-processing, database management, presentation tools, and basic statistical analysis skills using SPSS are essential. Strong organizational skills with the ability to manage competing deadlines and multiple priorities are essential, particularly to work effectively and efficiently within set contractual reporting deadlines. The successful candidate will possess excellent interpersonal and communication skills and have the capacity to work in a dynamic team environment, serving clients of diverse ethno racial and cultural backgrounds. Proficiency in a second language and bilingualism (English/French) is also an asset.

Vaccines (COVID-19 and others) are a requirement of the job unless you have an exemption on a medical ground pursuant to the Ontario Human Rights Code.

Please Note: These (2) part-time, permanent positions are part of the OPSEU Bargaining Unit.

Salary Range: \$37.66 - \$50.75 per hour

Please click the apply button below.

CAMH is a Tobacco-Free Organization.

CAMH is fully affiliated with the University of Toronto and is a teaching hospital and research institute. As a CAMH employee, you will be expected to actively support CAMH's teaching and research activities, in addition to supporting the clinical work of the hospital.

At CAMH, we strive to be an equitable and inclusive employer. Our commitment to equity is grounded in an institution-wide commitment to achieving a working, teaching, and learning environment that is free of discrimination and harassment.

CAMH actively seeks candidates from First Nations, Métis and Inuit, racialized and LGBTQ2S+ communities, women, and people with disabilities (including people who have experienced mental health and substance use challenges).

We encourage people from all backgrounds to apply to our positions.

1/17/24, 1:53 PM Print Job

We thank all applicants for their interest, however, only those selected for an interview will be contacted. Please inform us if you require accommodations during the interview process.
