Job Summary

EHN Outpatient Services is seeking a full-time or part-time psychologist to support a workers compensation program focused on gradual onset stress injury in the workplace. The psychologist would lead for the care for these clients, providing diagnostic assessments, creating treatment plans, leading case conferences, and guiding the team of social workers, nurse practitioners, occupational therapists, and psychotherapists in the program. In addition, the psychologist would provide support and advice to senior leadership on clinical modalities, curriculum, research, and outcome measurement.

Responsibilities

- Provide DSM-V diagnostic assessments that include assessing the clients function and ability to work.
- Create treatment plans that support the client in returning to work.
- Cultivate a work is healthy approach to care within this program.
- Represent the clinical team at case conferences and other meetings with the referring agent.
- Facilitate group therapy and individual therapy sessions, as required.
- Complete high-quality reports that meet the needs of the referring agent within the stated timeline.
- Collaborate with other clinicians to ensure treatment plans followed and updated, as appropriate for the client.
- Function as an expert clinical resource for the team.
- Supports the development of evidence-based curriculum and the expansion of programs and services.
- Provides supervision to psychologist practicum students.
- Provides CBT/DBT informed consultations to the team which assists with problem solving regarding complex clients and referent care, as well as training and best practices for clinical care
- Maintain registration in multiple provinces to support virtual care. (EHN will cover costs)
- Other duties as assigned.

Requirements:

- Registered Psychologist
- PhD/PsyD
- Experience working with clients on disability, workers compensation, etc.
- Experience in supporting return to work
- Demonstrated commitment to patient-centered care
- Role models excellence in patient care and serves as a mentor for the team
- Demonstrated excellent communication, facilitation and decision-making skills

- Demonstrated excellent interpersonal skills and the ability to work collaboratively with all members of the health care team
- Strong organizational skills
- Demonstrated commitment to best practice and quality improvement
- Evidence of ongoing professional development
- Bilingual – an asset

Employee Benefits and Perks:

- Comprehensive benefits package, including a yearly allowance of \$1,500 for mental health and addiction services, as well as \$500 per service for various paramedical services, such as massage and physiotherapy
- 24/7 Employee Assistance Program through LifeWorks
- Competitive paid time off policies, including a paid day off on your birthday
- Access to in-house fitness facilities where applicable or discounted external gym memberships
- Remote or hybrid work models for eligible employees
- Perks and discounts with Perkopolis – entertainment, home/auto/pet insurance
- Personal and professional development through our Education Support Assistance program
- Nationwide presence allows for supportive relocation opportunities
- Defined Benefit pension through CAAT with up to a 4% employer contribution
- Maternity and parental leave top-up
- Access to discounts at Kids & Co. Daycare
