## Clinical Director

Ministry of Corrections, Policing and Public Safety  
Permanent Full-Time – Prince Albert, SK

Explore  
your  
future

The Ministry of Corrections, Policing and Public Safety has career opportunities for motivated professionals to provide rehabilitation and case management direction and support for offender programs in adult and youth Corrections within a geographic region.

As a Clinical Director, and a member of a dynamic team of professionals, you will work closely with Custody Services and Community Corrections directors, supervisors, service delivery staff, and key community stakeholders throughout the province to establish effective rehabilitative program services for youth and adult offenders. To do so, you must have the ability to think and act strategically while providing expert knowledge and leadership in assessment, intervention, and rehabilitation, as well as provide direction and oversight to the management of case plans for offenders with complex needs.

The knowledge and abilities required for this position would typically be acquired through a Master's degree or Ph.D. in the human services. This would include graduate-level training with a focus on human development, learning, behaviour, and behaviour change. Key competencies for this position include graduate-level knowledge of both normal and maladaptive development and behaviour, supervised experience with behavioural assessment processes and associated tools, graduate-level supervised research experience, and the ability to formulate intervention plans based upon this information. Your personal management style must exemplify respect, consultation, and collaboration, and a desire to learn and grow professionally. You must have excellent interpersonal skills to work well with stakeholders, partners, and as part of a team.

As a condition of employment, the successful candidate will be expected to enroll in and successfully obtain the Post-Graduate Specialization Certificate in Corrections through the University of Saskatchewan Centre for Forensic Behavioural Sciences and Justice Studies. This is a two-year graduate level program, the completion of which will be performed on the job and sponsored by the Ministry. While the position will be situated within a given region, regional and provincial travel is a requirement for the delivery of services.
