

Job Title: Examiner

Location: throughout Canada

Join us in supporting the development of the Wechsler Intelligence Scale for Children®, Sixth Canadian Edition (WISC® 6^{CDN})

Pearson is currently seeking professionals and supervised trainees in the fields of psychology and special education with experience in assessment administration to join our data collection team as an Examiner. The WISC 6 Canadian Standardization Study will run throughout 2026 & 2027.

Who can participate as an Examiner?

To enroll as an Examiner, you must meet one or more of the following criteria:

- Have a doctorate or masters degree in psychology, education, or a closely related field with formal training in the administration and scoring of clinical assessments.
- Have a demonstrated history of assessment administration experience, such as psychometrists.

Supervised trainees are also eligible, including post-doctoral fellows and senior level graduate students pursuing degrees in psychology, special education, or psychometrics.

Not sure whether you meet the criteria? Contact us directly at research.canada@pearson.com to discuss your experience.

Key benefits of becoming an Examiner:

- Gain early access to the WISC 6 and provide feedback on the assessment during its development.
- Examiners are paid for each completed case. Examiners are paid \$250 per case that is administered without any errors.
- All training and correspondence with the Pearson team is conducted remotely.

Pearson provides the testing kit and all required materials, plus coverage for all shipping and mailing costs.
